

## Cubs Summer 2022

What an adventurous year we've had!

Science experiments, lots of trips to Eastville Park for athletics and nature badges , a karate session , map reading and orienteering , a soaking wet hike from Snuff Mills, we've built our own Crazy Golf holes, then went and played some at Pirate Bay, we've built bird feeders , seed planters , pitched tents and prepared for our group camp , told jokes and tall tales, we've learnt new skills, made new friends and had a lot of fun.

A huge thanks to all the parents who have helped out, most especially Cathy, and to our 2 Duke Of Edinburgh volunteers Isaac and Sophie.

We are unfortunately saying farewell to Shariff, who is moving oop North to pastures new. We wish him all the best and hope he continues Scouting, he will be missed!

So we are really in need of 1 or 2 parents who may be able to commit to regular sessions, and join us, dare I say it, in uniform! We can only run with your assistance and its much needed, and there may be nights we have to cancel due to not enough adults helping. Being able to rely on regular help really does make a big difference, if you think you may be able to help out more please let me know!
